

When I got sentenced to CBCF I thought to myself God why do you keep taking me away from my family. I was feeling like giving up on life cause just the day before I walked in my wife lost her job and I started worrying and my mind started going crazy I started thinking of every way I could to get out of being there but I knew deep down I had to let God handle this. Then just 5 days after I was in I went to Bible study and I met Eric Brown and he shared his story on how God walked into his life and opened his eyes and it made me think wow maybe God is there for me but I've got to change my ways. Well for the next couple days I just couldn't wait for the next Bible study and I went to ~~the~~ every Bible study just there was but I couldn't get out of them what I got from Brother Brown. Well Sunday rolled around and it was time for Sunday night Bible study ~~but~~ Brother Brown showed up and it was the highlight of

my day the way he ~~was~~ WAS
Teaching the Bible to us made me
finally understand what it was
saying and it made me understand
how God worked and how I had to
Trust God and how I had to have Faith.
well the next week was rough for me my
wife ~~was~~ she was already having a bad
time with me being gone and she had another
heart attack so I was going crazy and I
couldn't understand why God kept doing this
to us. well Sunday rolled around and ~~the~~
Bible was great and after words I asked
Brother Eric could he please call my wife
and he recommended she call him I told
him she had nobody to talk to and she
was really down. so I ran to the phone
and called her and gave her his number.
I called my wife back later on and it
was like talking to another person she
told me it was like a rock being
lifted off her chest after talking to him.
so of course we had a pretty good week
my wife called Brother Eric another time
that week and when Sunday Bible study
came along Brother Eric showed up and we
had a good service and he stayed after

And him And I had A long TALK and we PRAYED And I THANKED him FOR BEING here for me and my wife And it HAD BEEN A long Time since Anybody was here FOR us.

Well Anyway I got Terminated from CBCF for horseplay and while I was waiting in the County Jail I called Brother ERIC to help me pray that Everybody would see that I didn't deserve this I was going By All the Rules and he told me to give All my TRUST in God And HAVE FAITH. I finally got my Court DATE and Brother ERIC was there for me and my family And I THANKED God For sending Brother ERIC And having him in my life has meant so much. I Am still waiting on my Court date and I know God is going to be there for me. Brother ERIC has also Brought me and my family my wife, mother, sister and myself to such a wonderful Church which is the ARLINGTON Church OF God And there is SUCH wonderful People there it is such A AWESOME PLACE to worship Everybody makes you feel so welcome and I'm so THANKFUL

that God Brought Brother Eric
into my life like a Angel From
Above And I'm even more thankful
he's still Teaching me how to Accept
~~get~~ God And letting him Take Control
And I Believe Brother Eric knew when
he met me I was Troubled And he
helped me get through some of the
worst Times of my life And still is
And my wife is also so Grateful And
we are so pleased that he Brought
us so far And that he Brought us
to these ~~wonder~~ wonderful people And
to his wonderful Church which is
Arlington Church of God So thank you
